HINDLE PRODUCT STATEMENT **ADANAC VALVE SPECIALITIES**

TYCO Valves and Controls approve / recognize :-

ADANAC VALVE SPECIALITIES Ltd

for modifications to their products to include the following.

1. Trim changing and modification.
2. Provision of drain and vent connections.
3. Fabrication and attachment of heating jackets partial and full length.
4. Cryogenic service, including conversion to extension bonnet.
5. Preparation for Oxygen service.

All modifications shall meet the appropriate design codes.

All modified valves shall be tested by appropriate proof testing at a minimum of 1.5 times the MRP for the valve. MRP is the maximum rated pressure.

R J Merrifield, Engineering Manager, Hindle/Winn.
