VALVE SPECIALITIES LIMITED

## Things are hotting up at Adanac...

Adanac introduce elevated temperature testing

*"Excellence throughout by commitment from within... Worldwide"*

Adanac is predominantly known for low temperature applications... until now! We are pleased to announce that we are able to offer elevated temperature testing for a variety of valves such as Gate, Globe, Ball and Butterfly valves, in a large size range. Our test capabilities now range from temperatures as low as  $-196^{\circ}\text{C}$ , to  $+400^{\circ}\text{C}$ , for Cryogenic testing, Type approval testing and Fugitive Emissions Prototype / Production testing, covering test specifications such as BS EN 15848 Shell SPE 77/312, BSEN 1626, BS 6364, Shell SPE 77/306, 77/200 and others.

For further information please contact our sales office on 01359 240404, or email: [midlands@adanac.co.uk](mailto:midlands@adanac.co.uk).
